GROW WITH US!

Are you a financial advisor? Are you eager to expand your client base, your offerings...and your income?

Then you need to be on our team!

- We welcome you regardless of where on your career ladder you find yourself:
- Ready to start a financial planning career
- Early in a financial planning career Growing a thriving financial planning career but eager for even greater expansion
- Starting to think about winding down

Wherever you find yourself on that ladder, come along with us and let our resources work to your benefit. Our people, our research, our vast trove of knowledge of the ups and downs, and ins and outs of the financial world and all its ramifications.

We're a registered investment advisory firm with a web of independent financial advisors, a network of branch offices, and a healthy history that we mean to capitalize on going forward.

Think of what it would mean for your career to be a part of this energetic network!

You'll maintain your current office and all your current clients, but we'll help you grow your client base and, even more, our knowledge base of stock performance and other asset status will be at your fingertips. We'll help you in myriad ways to better serve your clients, grow their wealth, and grow your own income as well.

We do not engage in product channeling. We advise on asset performance, but the ultimate decision on advice to clients are strictly your own.

Before you choose to join our network, we'll give you an honest and thorough look at what it's like to be a member. Once you join, we'll take you through the transitionary steps, "handholding" you till you're comfortable for us to let go. But we'll never be far away. You'll always have our backing, and we'll always have your back.

And that's a good feeling, indeed!

So...come grow with us!
